## **VI. Summary of Compliance with Amended Interim Compensation Order**

42. This Application has been prepared in accordance with the Second Amended Interim Compensation Order.

43. CNRD seeks interim compensation for professional services rendered to PREPA during the Fourth Fee Period in the amount of \$378,910.00 and reimbursement of actual and necessary expenses incurred in connection with providing such services in the amount of \$133.13. During the Fourth Fee Period, CNRD attorneys expended a total of 1392.4 hours for which compensation is requested.

44. As of the date hereof, CNRD has received payments from PREPA totaling \$191,418.16 for fees and expenses, representing 51% of the fees and expenses for the Fourth Fee Period in accordance with the terms of the Amended Interim Compensation Order.

45. Accordingly, in this Application for the Fourth Interim Period, and to the extent such amounts have not been paid by the time of the hearing on this Application, CNRD seeks payment of all amounts outstanding, totaling \$187,491.84, which represents the aggregate amount of unpaid fees and expenses incurred between June 1, 2018 to September 30, 2018.

## **VII. Fees and Expenses Incurred During Fourth Fee Period**

### **A. Customary Billing Disclosures**

46. CNRD's hourly rates are set at a level designed to compensate CNRD fairly for the work of its attorneys and to cover fixed and routine expenses. In accordance with its agreement with PREPA, the hourly rates and corresponding rate structure utilized by CNRD in this Title III Case

is substantially lower in comparison to the rates charged by other attorneys in the Title III Case. The rates and rate structure reflect that such restructuring matters typically are national in scope and typically involve great complexity, high stakes and severe time pressures.

47. The blended hourly rate in this Application for the Fourth Interim Period for the relevant timekeepers is \$272.13. The blended hourly rate collected during this Fourth Interim Period as of the date of the filing of this Application is \$137.47.<sup>6</sup>

48. Further, CNRD's rates as provided in the contract have been registered with the Office of the Comptroller for the Commonwealth of Puerto Rico ("Office of the Comptroller"), pursuant to the laws and regulations of the Commonwealth of Puerto Rico. Due to the complexity and the specific targeted needs for legal representation and advice in the bankruptcy and federal litigation proceedings that the Title III Case requires, CNRD was awarded the PROMESA Litigation Contract on August 16, 2017, effective from August 16, 2017 to June 30, 2018. The PROMESA Litigation Contract has been registered by PREPA in the Office of the Comptroller and thus, complies with the rules and regulations of the Commonwealth of Puerto Rico.

#### **B. Fees Incurred During Fourth Fee Period**

49. In the ordinary course of CNRD's practice, CNRD maintains computerized records of the time expended to render the professional services required by PREPA and its business operations. For the convenience of the Court and as well as all parties in interest, attached hereto as **Exhibit B** is a summary of fees incurred and hours expended during the Fourth Fee Period, setting forth the following information:

- a. the name of each attorney for whose work on the Title III Case compensation is sought;
- b. the primary department, group or section to which each attorney is assigned;
- c. each attorney's year of bar admission;

---

<sup>6</sup> Calculation made pursuant to the UST Guidelines, section C(3)(ii).

- d. the total fees billed by each attorney; and
- e. the total hours billed by each attorney.

### **C. Expenses Incurred During Fourth Fee Period**

50. In the ordinary course of CNRD's practice, CNRD maintains a record of expenses incurred in the rendition of the professional services required by PREPA and its business operations and for which reimbursement is sought. Consistent with protocol established by the Fee Examiner in this Title III Case and CNRD's agreement with PREPA, CNRD charged no more than \$0.10 per page for standard copying services in this case. Since CNRD is home based in San Juan, Puerto Rico, where PREPA and its officers have their main offices, there has been no need to incur travel or lodging expenses yet. CNRD has also maximized the use of telephone conferences and electronic mail communications to avoid traveling expenses.

51. For the convenience of the Court as well as all parties in interest, attached hereto as **Exhibit C** is the detailed description of services provided for the Fourth Fee Period, which includes the total amount of reimbursement sought with respect to each category of expenses for which CNRD is seeking reimbursement.<sup>7</sup>

52. All the expenses incurred by CNRD were actual and necessary expenses required to provide legal representation to PREPA.

### **VIII. Summary of Legal Services Rendered During the Fourth Fee Period**

53. As discussed above, during the Fourth Fee Period, CNRD provided extensive and important professional services to PREPA in connection with the ordinary course of business needs in the Title III Case.

54. The following is a summary of CNRD's most relevant services provided during the Fourth

---

<sup>7</sup> Exhibit C has been submitted in a redacted version for the purposes of preserving legal privileges.

Fee Period on behalf of PREPA:

**a. General bankruptcy counseling**

CNRD has furnished bankruptcy counseling to PREPA and its officers from the beginning of the Title III Case. These services include providing advice on how to proceed on the regular day-to-day business operations after the filing of the PREPA Title III Case, as well as the general litigation advice.

**b. Bankruptcy litigation**

CNRD has furnished specialized bankruptcy litigation advice to PREPA and its officers from the beginning of the PREPA Title III Case. These services include providing advice on several motions to be filed, legal strategies and actions to be followed.

**c. Support to other professionals employed by the estate or PREPA's fiscal agent**

CNRD has furnished services to PREPA in the form of assisting other professionals employed by the estate. Since the Firm has been PREPA's legal counsel for many years now, CNRD has been extremely helpful, cost-efficient and time-saving in providing necessary and relevant information from prior litigation and business operations. This has also helped to save time on fact gathering tasks. The most relevant support has been provided to AAFAF to assist in different tasks, like gathering information from PREPA's officers needed to pursue and promote the best interests of the estate, as well as advise on local law and regulatory procedures familiar to CNRD as local counsel.

**d. Enforcement of the automatic stay**

CNRD has furnished services to PREPA in the form of enforcing the automatic stay against pending state, federal and administrative litigation. This has been performed through different tasks such as providing legal representation in different forums, filing

notices of stay motions, providing notice to plaintiff's counsel of the filing by PREPA of the Title III Case and the automatic stay, and object to motions to lift or modify the automatic stay outside the Title III Court. CNRD has also assisted PREPA's in-house counsels in cases in which they have had to seek the local courts or administrative forums to enforce the automatic stay to protect the estate.

**e. Relief or modification of the automatic stay**

CNRD has also represented PREPA in several extrajudicial and judicial requests for modification or relief from the automatic stay. In furtherance of the Case Management Order, the Firm receives notification from AAFAF or the FOMB when a creditor requests to meet and confer to discuss the possibility of lifting or modifying the automatic stay. When such notifications are received, CNRD investigates the facts and controversies of each case, so that the relevant entities be in a better position to determine if the stay should be lifted, modified or remain in place. CNRD also drafts settlements to modify or lift the automatic stay and shares them with AAFAF and the FOMB for final approval and execution. These services benefit the estate by providing a liquidated status to certain litigation of personal injury or wrongful deaths actions or keep the automatic stay protection to the estate.

**f. Adversary proceedings**

CNRD provided legal services to PREPA in the form of representation in adversary proceedings such as *Puerto Rico Electric Power Authority, et. al., v. Puerto Rico Energy Commission* [Adv. Proc. 17-00256-LTS], *Puerto Rico Energy Commission v. Puerto Rico Electric Power Authority* [Adv. Proc. 18-00021-LTS] and *Puerto Rico Electric Power Authority v. Puerto Rico Energy Commission* [Adv. Proc. 18-0024-LTS], during the Fourth

Interim Period. The Firm has also provided advice to PREPA regarding the status and relationship of other adversary proceedings and civil complaints filed in the Commonwealth Court which directly affect PREPA and its estate. CNRD works together with the FOMB and AAFAF to effectively address all adversary proceedings litigation.

**g. Project Management Office for Restructuring and Fiscal Affairs**

CNRD provided general restructuring legal advice and support to PREPA's Project Management Office for Restructuring and Fiscal Affairs during the Fourth Interim Period. This counseling encompasses several areas of the restructuring and related Title III Case, such as legal strategy to conform the operations with the ongoing litigation, advice on compliance with the approved Fiscal Plan and Certified Budget, and legal advice and support to PREPA's privatization and transformation process.

**h. Independent investigation**

CNRD represented PREPA during the investigation (the "Investigation") performed by the FOMB's Special Investigation Committee Independent Investigator (the "Special Investigator").<sup>8</sup> During the Investigation, the Firm perform extensive inquiry for fact and document gathering, constant communication with co-counsels participating in the Investigation, study and analysis of documents to be produced in order to identify relevant objections, communication and examination of PREPA's professionals request for production and extensive review of the evidence submitted in compliance with said requests, among other.

CNRD continues to represent PREPA in connection to this matter when a party requests access to the document depository maintained by Epiq.

---

<sup>8</sup> The Final Investigative Report was published on August 20, 2018.

**IX. CNRD's Requested Compensation and Reimbursement Should be Allowed**

55. Section 317 of PROMESA provides for interim compensation of professionals and incorporates the substantive standards of section 316 of PROMESA to govern the Court's award of such compensation. Section 316 of PROMESA provides that a court may award a professional employed by the debtor (in the debtor's sole discretion) "reasonable compensation for actual necessary services rendered . . . and reimbursement for actual, necessary expenses." Section 316 also sets forth the criteria for the award of such compensation and reimbursement:

In determining the amount of reasonable compensation to be awarded to a professional person, the court shall consider the nature, extent, and the value of such services, taking into account all relevant factors, including—(a) the time spent on such services; (b) the rates charged for such services; (c) whether the services were necessary to the administration of, or beneficial at the time at which the service was rendered toward the completion of, a case under this chapter; (d) whether the services were performed within a reasonable amount of time commensurate with the complexity, importance, and nature of the problem, issue, or task addressed; (e) with respect to a professional person, whether the person is board certified or otherwise has demonstrated skill and experience in the restructuring field; and (f) whether the compensation is reasonable based on the customary compensation charged by comparably skilled practitioners in cases other than cases under this title or title 11, United States Code. 42 U.S.C. § 2176

56. CNRD respectfully submits that the services for which it seeks compensation in this Fee Application were, at the time rendered, necessary for and beneficial to PREPA and were rendered to protect and preserve PREPA's business operations. The Firm further believes the services for PREPA were performed economically, effectively, and efficiently, and that the results obtained benefited not only PREPA, but also PREPA's business operations and clients. CNRD further submits, that the compensation requested herein is reasonable considering the nature, extent, and value of such services to PREPA, its business operations and all parties in interest, and that the rates set forth in the PROMESA Litigation Contract are reasonable and have been approved by

PREPA and registered in the Office of the Comptroller.

57. During the Fourth Fee Period, 1392.40 hours were expended by CNRD's partners, special counsels, and associate attorneys in providing the requested professional services. The Firm made every effort to coordinate its efforts with other counsels and parties in this case to avoid any duplication of efforts. The number of hours spent by CNRD is commensurate with the defined tasks CNRD has performed and continues to perform on the matters described herein, as also approved by PREPA and included in the engagement.

58. During the Fourth Fee Period, CNRD's hourly billing rates for attorneys ranged from \$250 to \$300. The hourly rates and corresponding rate structure utilized by CNRD in this case is consistent with the rates charged for representation of instrumentalities of the Commonwealth of Puerto Rico.

59. The rate structure included in this interim application is commensurate to the rate structure generally charged by CNRD for restructuring work, bankruptcy, insolvency, federal litigation, and comparable matters, whether in court or otherwise, regardless of whether a fee application is required. The rates and the rate structure reflect that the matters worked by CNRD include novel matters of law and fact that are national in scope and involve great complexity, high stakes, and severe time pressures—all of which were present in this case.

60. Moreover, CNRD's hourly rates are set at a level which is lower than the rates charged to other professionals to compensate for the advice and work involved in a matter as novel and complex as the PROMESA litigation. Hourly rates vary with the experience and seniority of the individuals assigned. Further, these hourly rates may not be subject to adjustments unless new contracts are awarded by PREPA and registered with the Office of the Comptroller. Therefore, the billing rate and structure presented in this Fourth Fee Application has remained the same as it was

established in the Second Fee Application.

61. As detailed above, the services CNRD provided to PREPA have resulted in substantial benefit to PREPA and its business operations.

62. CNRD represents and can demonstrate to this Court that the services rendered were performed in a reasonable amount of time, given the complexity of the issues involved and the many varied legal issues facing PREPA. The Firm's detailed and thorough records can demonstrate that the time expended on the tasks assigned was necessary and appropriate for the adequate representation of PREPA. From the earliest stages of CNRD's involvement, attempts were made to limit the hours worked, and to avoid duplication of services and other unnecessary costs. Moreover, the Firm's professionals frequently provided services on behalf of PREPA under severe time constraints.

63. CNRD relies on the Court's experience and knowledge with respect to compensation awards in similar cases. Given that frame of reference, CNRD submits that, considering the circumstances of the case and the substantial benefits derived from the Firm's assistance, compensation in the amount requested is fair and reasonable.

64. Further, CNRD certifies that the detailed time and expenses records included in Exhibit C, have been reviewed and approved by PREPA's officers. Exhibit C includes a list of each timekeeper's name, time spent on each task, hourly rate, fees sought for each entry, a description of the service and the subject matter.

65. In sum, CNRD respectfully submits that the professional services provided on behalf of PREPA and its business operations in this case during the Fourth Fee Period and to date were necessary and appropriate given the complexity of this case, the time expended by CNRD, the nature and extent of CNRD's services, the value of CNRD's work and background knowledge into

PREPA's operations, and the cost of comparable services outside of bankruptcy. All these factors are relevant as set forth in section 316 of PROMESA. Accordingly, and based on the factors outlined under sections 316 and 317 of PROMESA, the services performed to PREPA by CNRD to date, more than justify the allowance in full of CNRD's compensation and reimbursement requests.

**X. Reservation of Rights and Notice**

66. It is possible that some professional time expended, or expenses incurred during the Fourth Fee Period, are not reflected in the Fee Application. CNRD reserves the right to include such amounts in future fee applications. In addition, the Firm has provided notice of this Fee Application in accordance with the Amended Interim Compensation Order.

**XI. No Prior Request**

67. No prior application for the relief requested herein has been made to this or any other Court.

WHEREFORE, CNRD respectfully requests that the Court enter an order (a) awarding CNRD interim compensation for professional and paraprofessional services provided during the Fourth Fee Period in the amount of \$378,910.00, and reimbursement of actual, reasonable and necessary expenses incurred during the Fourth Fee Period in the amount of \$133.13 to the extent that these have not been paid already; (b) authorizing and directing PREPA to remit payment to CNRD for such fees and expenses; and (c) granting such further other relief as is appropriate under the circumstances.
